

“Rocket Caddy”

Use to support small models while allowing fins to dry, applying fillets, etc.

- 1) Print out on cardstock or heavy paper.
- 2) Cut out along the solid lines.
- 3) Fold ends up 90 degrees along dotted Lines “A”.
- 4) Fold sides in along dotted lines “B”.
- 5) Tape (or glue) the triangular sections (marked “X”) under the bottom for support.
